

BDA Workplace Assessors Programme

We have an accredited training programme for work based assessors who assess individuals with dyslexia or other Specific Learning Difficulties (SpLDs) for adjustments within the workplace. The aim of the programme is to provide the necessary knowledge and skill, including the most recent research and applications in this area. It will also enable those looking for an assessor to select qualified individuals.

The Programme Timetable and Methods:

1. Training Workshops

Each module has an introductory workshop for participants in the programme to attend:

Workshop A: Awareness of SpLDs .

Workshop B: Screening for Individuals with Dyslexia.

Workshop C: Reasonable adjustments

Workshop D: The Process, Stakeholders, Roles and Responsibilities, Current Case Law.

The programme is accredited through Credit 4 Learning (O.C.N.O.T.C).

2. Membership of the BDA

Individual membership of B.D.A. for one year is included in the programme. Assessors will receive Dyslexia Contact magazine, can network with other assessors through our web based discussion activities and get 10% off our training courses and conferences to aid their C.P.D. In future years, assessors will then need to maintain their membership of B.D.A. to continue to receive the benefits of the programme.

3. Continuous Professional Development

The programme will include a specific opportunity annually for C.P.D. for assessors.

Next W.A.P Dates:

LONDON : Workshops: A: 07 Mar B: 08 Mar C: 13 Mar D: 14 Mar

Please check our website for updates. We also run this programme in-house for corporate customers.

Costs:

For 4 training days, marking of your assignment, B.D.A. individual membership for a year, one C.P.D. event and e-learning opportunities: £962 plus V.A.T p.p. (This includes a registration fee of £12). An in-house version is available for £4,000 plus reg fees and V.A.T. per programme.
